

**La Salle College 2018-2019  
After School Learning Support Grant  
Annual Plan**

**Background**

This project aims to provide academic support for students with academic difficulties who have applied for Financial Assistance Schemes for Secondary Students, to improve their academic results in the Hong Kong Diploma of Secondary Education. Old boy tutors are recruited to provide academic support to the target recipients.

**Selection Criteria**

Students meeting two of the following criteria are invited to join the after school learning:

- Students with average score below 40 in the final examination
- Students eligible for financial assistance from the Student Finance Office
- Students taking part in school teams

**Objectives of the programme are as follows:**

- Average score of 50 or above in internal examinations.
- Improving the language proficiencies of students
- Meeting the requirement of Conditional Offers/ Sports Scholarships from universities

The after school learning programme, with a smaller class size than normal class, provides more interaction between the tutor and students. It provides the opportunity for students to focus on specific fields to cater for their individual differences. 10 students have taken part in the programme last year, and they have also taken part in the enhancement programme provided by the enhancement team.

The tutorial classes will be conducted every Monday and Wednesday during lunch time for winter time and after school for summer time. Students are required to have 90% attendance. The dates of the tutorial classes are listed below.

### Proposed budget of the tutorial classes

Tutorial classes were conducted on the dates stated below. Classes were conducted during lunch time (after school for summer timetable). Lo Ho Kiu (Class of 2012) is the instructor of the enhancement programme.

	Date of the tutorial lessons	Costs
Chinese Class	12/9, 19/9, 26/9, 3/10, 10/10, 17/10, 24/10, 31/10, 14/11, 21/11, 28/11, 5/12, 12/12, 19/12, 23/1, 30/1, 20/2, 6/3, 13/3, 20/3, 27/3, 3/4, 10/4, 17/4, 8/5, 15/5, 22/5, 29/5, 5/6, 12/6	\$9000
