Our School

Preamble

La Salle College, Kowloon, is a Lasallian school in the 'Lasallian' tradition.

The Lasallian School offers a Catholic education that is marked by a distinctive spirit. This spirit is rooted in the Gospel of Jesus Christ and in the spirituality and educational philosophy of Saint John Baptist

De La Salle (1651 – 1719), founder of the Brothers of the Christian Schools. De La Salle was convinced that without a Christian education the poor children of his native Rheims (France) would be lost both to the Church and society. This conviction led him to organize a group of teachers and to establish Christian Schools that would meet the needs of these children. Over a period of thirty years, De La Salle founded schools in several French cities and towns and instructed teachers and students from various socio-economic levels. By the time of his death, De La Salle had established primary and secondary schools, teacher training centres, and boarding schools.

John Baptist de La Salle was an educational innovator both in the development of teacher training programmes and in his curricular and pedagogical practices. De La Salle recognized that teachers have a providential, grace-filled, and pivotal role in the actions and achievements of students. Because of this pivotal role, De La Salle provided teachers with extensive pedagogical preparation and on-going supervision in order to fulfil their God-given ministry. In

consultation with his teachers, De La Salle designed a curriculum and wrote practical and effective textbooks infused with gospel values. The Christian schools were primarily for the poor, yet all socio-economic levels were welcomed. Social segregation, which was the practice of the day, was not permitted in the Christian Schools. All students were treated with the same dignity and respect.

De La Salle envisioned teachers as ministers of grace who exercised their vocation daily by instructing youth in the principles of the Gospel as well as in the various academic and vocational subjects. He regarded the school as a community of believers working cooperatively to achieve a shared mission. The schools were to be effectively managed so as to achieve the intellectual, cultural, religious and vocational formation of the student through a curriculum suited to their needs and based on Christian values.

The Lasallian School, then, was founded to be a Christian school whose purpose is “to give a human and Christian education to the young.” La Salle College, Kowloon is such a school with the same mission and purpose.

School History

In the beginning

The story of La Salle College begins in 1917 when the Brothers of St. Joseph's College opened a junior school on Chatham Road, near Rosary Church. Kowloon was expanding rapidly at this time and demand for school places was rising. Br. Aimar, then Director of St. Joseph's, realized that a new school building was necessary. He acquired a piece of land on Boundary Street in the late 1920's as a site for the new La Salle College.

On 5th November, 1930, Sir William Peel, then Governor of Hong Kong, laid the foundation stone of the new building. By 3rd December 1931, the work on the building and the playgrounds was sufficiently advanced to allow the opening of eight classes under the management of 5 Brothers from St. Joseph's College and 4 Assistant Masters, Messrs. Charles Dragon, Francis Chan, James Ng and Benedict Lim, from the Chatham Road School.

La Salle College was formally inaugurated on the 6th January 1932. Seven Brothers headed by Rev. Br. Aimar as Director, and a few days later 40 boarders settled into the new College. There were then 540 students in 14 classes.

For seven years the College thrived under the wise guidance of Brother Aimar. The students achieved excellent results in the Matriculation Examinations, the laboratories were furnished, four Tennis courts and a full-sized football pitch were built and the lovely statue of St. John Baptist de La Salle that now stands in front of the College, was erected. The number of students increased to 805 in 1935 and 1060 in 1939.

War-Time and Exodus

The outbreak of World War Two in 1939 brought great disruption to the life of the school. The HK Government requisitioned the buildings as an internment camp for Germans in 1939 and a hospital in 1941. Initially the Brothers had to arrange for use of temporary classrooms across the road at the current La Salle Primary School site.

On Christmas Day, 1941 the Colony surrendered to the Japanese and, soon after, the Brothers were ousted from the College. The buildings were turned into a storage depot. The Japanese encouraged civilians to leave the Colony, as food was in short supply. A number of Brothers, including the founder and Principal, Br. Aimar, traveled to Indo-China where they remained for the duration of the War.

Post-War Recovery

Br. Cassian, OBE, energetically undertook restoration of the College after the war in 1946. Soon the College made a remarkable recovery and had about 600 pupils on its roll. The British Military Authorities, however, once again requisitioned the College in 1949 and it was turned into the 33rd General Hospital. Under the directorship of

Brother Patrick Toner, the school was moved to temporary buildings on Perth Street, Homantin. Despite the considerable difficulties, few school activities suffered by this change. Br. Felix was appointed Director of the School in 1956 and with untiring efforts, re-acquired the College buildings from the Military Authorities on 1st August 1959. Eleven years of forced exile had come to an end. Student numbers grew steadily and this in turn led to a separation of primary and secondary divisions. La Salle Primary School commenced classes in 1957 and Br. Henry was appointed Headmaster.

The Modern La Salle

Towards the mid 1970's, the Brothers, under the directorship of Br. Raphael, decided the then aging building was functionally inadequate and would have been too costly to refurbish. The old building with its majestic dome had to be knocked down to make way for progress. While classes were continuing, a portion of the school grounds were used to erect a new superstructure with modern facilities. The Governor at the time, Sir Murray Maclehoose, officially opened the new school on 19th February, 1982, which was also the Golden Jubilee year of the school.

The new College building stands seven floors high and has a current enrollment of about 1600 students. Four impressive blocks surround two quadrangles, the lower, dotted with benches and greenery and the upper a standard size basketball court. All rooms are centrally air-conditioned and have double-glazed windows. In addition to the classrooms, there is an extensive range of facilities for academic use and for extra-curricular activities. At the time of construction the school was considered among the most modern in Asia. Br. Alphonsus Chee and Br. Thomas Lavin worked with the developer in developing these facilities.

Since a major part of the School building is above standard, the Government is not responsible for its maintenance. Replacements of plant and machinery as well as the upkeep of existing facilities require substantial sums of money. The Brothers, the Principal Br. Francis, and some Old Boys initiated the idea of a Foundation with one of the aims being to provide sufficient funds to do just this. In early 1992, the La Salle Foundation was established with Mr. Michael Sze as the first Chairman.

To enhance communication between teachers and parents, the La Salle College – Parent Teacher Association was established in January, 1995, and has become an integral part of the life of the school.

In September 2000, Br. Thomas rejoined the staff and became the Supervisor and Principal of the College.

The School Improvement Programme began with the Ground Breaking Ceremony on 9th April 2003. In 2005, two Annexes were completed, one along La Salle Road and the other on top of the old tennis courts, and named the Br. Aimar Wing and Br. Cassian Wing after the school's first and second Principals. The new wings provided an additional 32 rooms with state of the art facilities to enhance student activities and support continuous school development.

In 2004, Br. Thomas retired as Principal and Dr. Paul Lau (68) took this office. He was the first layman to take the post after 10 Brothers before him. Br. Thomas continued his role of Supervisor until he became Brother Visitor of the Penang District in 2008. Br. Patrick then took over as Supervisor. In April 2007, Mr. Wong Yen Kit took the reins as Principal. In September 2008, Mr. Nicholas Ng, the former Foundation Chairman, was invited to be the Alternate Supervisor alongside Br. Patrick. In September 2010, on the retirement of Mr. Wong Yen Kit, Br. Steve, from New Zealand, was appointed Principal. Br Steve concluded six years as Principal of La Salle College in August 2016 and was reappointed to Oakhill College, Sydney.

Vision Statement

To inspire and challenge students to achieve excellence in all things.

Mission Statement

Faithful to the founder, St. John Baptist De La Salle, La Salle College

- is committed to providing a high quality human and Christian education
- values each boy regardless of ethnicity, religion, wealth, or status
- provides special attention to those less gifted
- seeks to empower all students to realize their potential through academic study, sport, and the arts
- develops a civic, service, and leadership oriented culture with its community of parents, friends, and alumni.

Values

If young men are honest with themselves and others they will grow to be good men in the fulfilment of God's plan for them. If young men at La Salle College respect themselves, others, and property, they will grow, aware of their responsibility to others and the environment. They will learn that rights are earned, and that honesty and respect are two core values of the 'social contract' upon which all modern societies depend. In this way La Salle College incorporates the five (5) key values of the Hong Kong Secondary School curriculum - *responsibility, commitment, perseverance, respect for others, and national identity*.

Motto

La Salle College has two mottos, one in Latin, the other Chinese. The Latin motto *Fides et Opera*, means faith and works – that at La Salle College we are motivated by faith and good work. The Chinese motto 克己復禮 is from the Analects 《論語》 of Confucius 《孔子》 – to subdue one's selfish desires and return to propriety (appropriate or fitting conduct).

Competencies

La Salle College believes that to prepare students for the future the curriculum must embed key competencies – the skills required to live, learn, work, and contribute as active members of society. The key competencies embedded in the La Salle College curriculum are:

- Thinking - using creative, critical, and metacognitive processes to make sense of information, experiences, and ideas.
- Using language, symbols, texts - using and making meaning of the codes in which knowledge is communicated.
- Managing Self - self-motivation, a 'can do' attitude.
- Relating to Others - interacting and collaborating effectively with a diverse range of people in a variety of contexts.
- Participating and Contributing - being actively involved in communities.
- Problem Solving - in groups and individually solving problems

Guiding Principles

La Salle College in implementing the Hong Kong Secondary School curriculum is guided by the cardinal principle that its work must be in the best interest of its students guided by the following

1. Decisions and practices are premised on the beliefs that all students have the ability to learn.
2. Students are provided with a wide range of different learning experiences for holistic development.
3. Diversified learning, teaching, and assessment are used to suit the different needs, interests, and abilities of students.
4. All students are provided with an enabling environment conducive to their development as self-regulated life-long learners.
5. Planning and strategies are built on existing strengths and implemented at the right pace, taking into account the readiness of teachers, the school context and the characteristics of the students.
6. Due consideration is given to local contexts and needs. Capacity is built up through staged experiential approaches and periodic review.
7. The change process is monitored making use of critical milestones and evidence to ensure timely and quality support for teachers.

Learning Goals

La Salle College in implementing the Hong Kong Secondary School curriculum has adopted the following learning goals for each student:

- to be bi-literate and trilingual with adequate proficiency;
- to be an informed and responsible citizen with a sense of global and national identity;
- to respect pluralism of cultures and views, and be a critical, reflective and independent thinker;
- to acquire IT and other skills as necessary for being a life-long learner;
- to understand their own career/academic aspirations and develop positive attitudes towards work and learning; and
- to lead a healthy life style with active participation in aesthetic and physical activities.

Curriculum Aims

La Salle College in implementing the Hong Kong Secondary School curriculum aims to

- establish a vibrant, flexible, diverse, and enabling learning environment that will widen the knowledge base of every student,
- provide multiple progression pathways for future studies and career development in an ever changing society
- enable students to achieve enhanced literacy and numeracy knowledge and competence in critical thinking, independent learning, and interpersonal, moral, civic, physical, and aesthetic development (La Salle College also includes spiritual development)

Teaching and Learning 2017-2018

Academic Achievement

The school year 2017-2018 is another fruitful year for La Salle College. This 6th cohort of students for the DSE examination performed marvellously and achieved very good results. Over 80% attained Level 3 or above in Chinese, 100% Level 3 or above in English, 99.5% Level 2 or above for Math and 99.5% Level 2 or above in Liberal Studies. Approximately 45% of grades were 5 or above, while 75% of grades were 4 or better. In addition, of all those admitted to local tertiary institutes, 77.5% of students attained entry into the top 3 universities in Hong Kong, with approximately 40% of students gaining entry to HKU.

Results in Hong Kong, National, and International Olympiads in Math, Physics, Chemistry and Informatics indicate the top students are doing superbly again last year. Students selected to represent Hong Kong to participate in various Olympiads often achieved marvellous results.

Use of Data to inform better planning for learning and teaching

The school believes that through continuous monitoring of students' performance, teachers can devise more appropriate plans to suit the needs of students. Thus, the school began to strengthen practices at both whole school and class teacher level in the use of data to inform teaching practice. Achievement data is gathered, stored, archived, and analysed in a way that is accessible and used to inform teaching and learning.

The school aims at providing teachers relevant diagnostic data at the beginning of the academic year and after each internal and external examination to inform practice and assist in identifying student needs differentiation within each class.

Consequently, the DSE results were used to match internal examination results of the senior forms. Internal examination results were compiled to track the performance of individual students. The use of these data had enlightened our teachers in preparing their teaching plans and pedagogy to better suit the needs of our students.

Bring Your Own Device Programme

The school believes that it is necessary to nurture students' abilities and skills in the use of IT in learning and in daily life in the fast approaching era of the 'internet of things'. Thus, the school continues with the BYOD programme which started in the academic year 2015 – 2016. However, the use of eLearning tools has gradually evolved into a review and refinement of learning and teaching. Teachers were encouraged to explore more on the use of eApps to enhance the learning effectiveness in class, e.g. searching

for information, more peer collaboration and discussion in class etc. In addition, subject panels were encouraged to enhance cooperation and collaboration within the panels to incorporate more eLearning elements in unit / lesson planning so that learning effectiveness could be enhanced. The BYOD programme also aims at strengthening students' self-directed learning, creativity, collaboration, problem solving and computational thinking skills, as well as ethical use of IT, in an enhanced IT environment. This is indeed an action working in accordance with the Fourth Strategy on Information Technology in Education, i.e. the ITE4 of the Hong Kong Education Bureau.

Professional Development

For every alternate Wednesday 2 within the school calendar, Panel heads are required to prepare tailored professional development programme for their own subject panel. Panel heads are given autonomy in designing their own programmes. It can be a sharing of good practices, guest speakers on different related issues, demonstration of various skills, such as IT and use of teaching aids.

The aims of such arrangement are

- To develop Panel head's role as a leader and coordinator of the whole panel
- To allow room for teachers concerned to share their expertise
- To stimulate teachers with various inputs from different sources

Professional development sessions provided a very good opportunity for teachers to develop better cooperation and collaboration.

Review of the Small Class Teaching for Weaker Students

The school conducts frequent review on the arrangement and assignment of small class teaching so as to provide the utmost care to students and ensure that students' progress can be monitored. Students' performances in examinations were often studied in order to evaluate the effectiveness of small class teaching. Moreover, the school would adjust the structure and formation of small classes if it was necessary to do so. The school believes that this review and evaluation is a continuous process and subject teachers and coordinators are often consulted to look for ways to achieve better results.

Learning Support Programmes

The College developed further programmes for Gifted Students through the Gifted Education Department of the Student Learning Support Services. Programmes included the Subject Teams for Maths, Physics, Informatics and Science. The Gifted

Education Department accessed programmes from HKU, the Dual Programme from HKUST as well as having students gain scholarships for the JHU Talent Search Summer School. Students indeed did very well in all these gifted programmes and achieved marvellous results.

SEN students, although only a very small number, with mild audio or visual impairment, were well supported by the SEN and Learning Support team.

In addition, with the IT/BYOD programme and improvement of the IT infrastructure, with collaboration and sharing amongst teachers, learning could be extended beyond classroom and it was witnessed there had been a pedagogical change. It is expected that students can be grown up as life-long learners under this environment.

Support for Student Development 2017-2018

Every year, the Pastoral Council will decide on a theme so that the student support programmes in school will try gear towards the theme. In 2017-18, the Pastoral theme is “Respect for ourselves guides our moral, Respect for others guides our manners.” Through a whole school approach to student support, all teachers were engaged in a minimum of three student support duties on top of their role as Form Teachers, with an aim of providing every student sufficient and adequate pastoral care. Some of the major programmes in 2017-18 are highlighted in the following.

Moral and Civic Education

The College has a structured curriculum on Moral & Civic Education with a focus on moral education in junior Forms and life skills development in senior Forms. The topics covered in F1-3 Moral Education are Good Discipline and Citizenship, Respect, Responsibility, Problem Solving, Love, Empathy & Compassion, Career Education, Relationship and Sex Education; in F4-5, the topics included Understanding Self, Leadership Skills, Setback & Stress Management, Career Planning Competencies – Writing Personal Statements, Relationship & Responsibility, Etiquette, and in F6, Thinking Outside the Box, JUPAS Application and Success Skills. The Civic Education Team, Health & Environment Promotion Team, Guidance Team, and Assembly Team work together to organize talks, visits to NGOs and interclass competitions to bring to heart the message.

Service Learning

Service is a cornerstone of the Lasallian values. Service programmes are catered for every form. All F2 students have participated in a service programme called ‘From La Salle with Love’ in November – reaching out to different elderly homes and mentally disabled centres. Supported by the Parents-Teachers Association, the College hosted three underprivileged primary schools and treated them to a Mini Games Day, which was organized by F3 students. All F4 students took part in a service programme visiting the elderly in the Shamshuipo area. Other service programmes included those offered by the 5 uniform groups – Scouts 17th Group, Red Cross, St John Ambulance Brigade, HK Air Cadet Corps, and Police Cadet Corps; as well as the Community Youth Club, UNICEF, HK Award for Young People. Service activities were also organized by religious groups such as Legion of Mary, the Lasallian Youth Movement and the Catholic Society (the latter two giving regular tutorial class to Non-Chinese Speaking students, an activity organized with the Caritas).

Aesthetics

As part of the Other Learning Experiences, aesthetics workshops and talks were held for F4 and F5 students,

including music performances and music appreciation talks, workshops on drama, dance and visual arts, speech and public speaking demonstrations. All students can enrol in the lunchtime Art workshops and Music Corner. The College has very strong music teams – the Wind Orchestra, Chinese Orchestra, Symphony and String Orchestra, and Choirs. In 2017-18 the College Music Teams had a very successful year. In the 70th Schools Music Festival, the String Orchestra, the Chinese Orchestra and the Senior Choir (Foreign Language, 2nd Division) won the Championship; the Wind Orchestra, the Treble Choir (Chinese, 1st Division) (Foreign Language, 1st Division) the second place. In the 1st Hong Kong Interschool Choral Competitions, the Treble Choir won the Gold and the Senior Choir the Silver prize. In the 15th Synergy Hong Kong 24 Drum Competition, the Chinese Drum Team won the Champion as well as the Most Creative Award.

Discipline and Counselling

With an integrated approach to guidance and discipline, the College aims at providing all teachers opportunities to engage in discipline and pastoral work. The Discipline Team and Guidance Team teachers take a lead in planning and implementing suitable programmes for students, which included VIA and Character Strength Programme (organized by HKU) for F1, visit to a social welfare organization for F4, a service visit to a social enterprise (Food Angel) for F5, and Leadership Camp for all Discipline Board and Student Association members.

Careers Education

A structured career education curriculum was implemented during the Form Teachers' Period, Form 1-6, in a sequential and systematic manner. Special information sessions were tailored for Form 3 and Form 6 students and parents about advice on Form 4 streaming and university application. The Careers Department was adept at fully engaging the expertise of alumni in programmes like the Careers Day, Overseas Education Talks, Form 5-6 Interview Workshop, and the Job Shadowing Programme. In the latter, more than 90 places were secured in different companies, lasting from 1 to 3 days

during the summer vacation. The Careers Department also worked closely with external organizations like the Junior Achievement, Life Buddies Mentorship Programme (Commission on Poverty), Education Bureau Business-School Partnership Programme, Careers and Guidance Master/Mistress Association, and The Hong Kong Federation of Youth Groups. A Career and Life Planning Activity for F4 was organized in January engaging the service of Hong Kong Federation of Youth Groups and one for F2 in June by Stewards Integrated Service Centre for Young People. Special counselling was provided for F6 students on JUPAS where one career teacher was assigned to look after one F6 class in their academic programme and psychological well-being throughout the year.

Extra-Curricular Activities

The fifty clubs and societies in school provided every student an opportunity to stretch their potential in cultural, services, interest, sports, religious, and foreign language arenas. A two-day Extra Curricular Activity (ECA) Promotion Fair was held for F1-4 classes where all F1 students successfully enrolled in three ECA's – one from Cultural, Sports, and Service clubs/societies respectively. A rigorous evaluation system by students, teachers, and the Student Association was employed to gauge participants' feedback to the quality of the club activities as well as suggesting areas for improvement. The Thumb-up Scheme and Penalty Scheme were enforced to provide the club leaders an incentive to improve and enhance their sense of accountability. 78% of F5 students have been leaders at some point in school and 75% of students have been office bearers of the Student Association/Clubs/Teams by the end of F6.

Exchange Programmes and Study Tours

Twelve Exchange Programmes and Study Tours, lasting from 3 to 16 days, were organized in 2017-2018 to Singapore, Malaysia, the Netherlands, the UK, Australia, New Zealand, Beijing Shanghai, Ningbo, Zhongshan, Wuhan and Heyuan engaging about 300 students. The school also played host to a number of overseas schools including those from Paris, Buenos Aires, Singapore, the Netherlands, Australia, New Zealand, Beijing, Shanghai, Zhongshan, and Ningbo. The Wind Orchestra had tours to Singapore while the Squash team held a training camp in Malaysia.

The Student Association

The Student Association, under the guidance of a Steering Committee of select senior teachers, was successful in providing almost half of the student population a chance to serve and trained to be future leaders. Arguably the most democratically elected student body in Hong Kong (one student one vote from F2 to F6), the

Student Association acted as a bridge between students and the school authority and has successfully initiated many high quality programmes which allow students to fully employ their creativity, organizational and management skills, marketing and publication techniques while upholding accountability for their work. The Student Association 2017-18 organized a Chinese New Year Fair Stall at Victoria Park and successfully raised a total of \$85,000 deducting costs. Based on the vote by all students, the whole money was donated to the Against the Child Abuse Ltd.

The College also prides in entrusting the senior students of the Editorial Board for the production of School Year Book – Lasallite. The committee, made up essentially of Form 5 students, took full responsibility for designing, writing and publication of the School Year Book, while mentoring junior students in F3 and F4 to secure a smooth line of succession.

Learning Support Services

To render special support to the less able students, Enhancement Programmes were provided for Form 1-5 students with special emphasis on learning effectiveness and self-directed learning. A week-long Summer Bridging Programme (co-organized with the PTA) was provided for the newcomers to prepare for the new school life and curriculum. A myriad of Gifted Education programmes were offered and are in high demand, including a STEM programme organised by MIT in Hong Kong, the informatics programme with the Federal Institute of Technology in Switzerland, HKU Academy and the HKU Junior Science Institute, the HKUST Dual Programme, the BU IT Programme, web-based programmes organized by the EDB, and various gifted programmes run by the Hong Kong Academy of Gifted Education. In addition the College has school-based 'Gifted Education/Extension' programmes offered via the 'Academic Teams' - Mathematics, Physics, Chemistry, and Informatics all of which participate in the Hong Kong and International Olympiads.

Integrated Planning of Student Support Service Programme

During 2012-13 the College mapped the various EDB moral, civic, health, and other student support curriculum and/or curriculum statements with the various support programmes in the College ensuring compliance with the EDB mandatory

curriculum. The modules in the following curriculum and student support services programmes cover the mandatory curriculum and/or course statements of the EDB: Career Guidance & Life Planning Education, Health Curriculum, Sexuality Curriculum, Life & Society Curriculum, Civic Education Curriculum, and the PSHE curriculum. In 2016-17 the College revised its Career Guidance & Life Planning Education Programme in light of the extra funding provided by the HK SAR Chief executive. The Career Guidance & Life Planning Education Plan & is published on the College website - Administration: Planning & Reporting.

Conclusion

It is the aim of the school to nurture students to be healthy, honest, law-abiding, civic young men who believe in serving and caring for the people around them and the larger community. It is expected that La Salle College students will exhibit an avid sense of civic and national awareness, embrace high moral standards, good sense of responsibility, and an aspiration for pursuing a meaningful career. We hope these young men, through the programmes and support offered at La Salle College in the past year, will be able to continue develop a positive self-image, grow in confidence, and share a positive attitude to life.

School Annual Plan 2017-2018

Strategic Planning Strands

In this Strategic Plan the College has chosen to use the four Domains of the Education Bureau's Performance Indicator Framework (PIF) plus a fifth, Catholic & Lasallian Character, where Goals for the period 2016 - 2022 are identified and targets with associated expected outcomes set. These targets, it is believed, will deliver the outcomes necessary for the College to deliver its mission and vision for the boys in its care.

Strategic Strand	Goals
1. Catholic & Lasallian Character	1.1. To foster Lasallian values of faith, service, and community, and other Christian values such as love, hope, and respect. 1.2. To strengthen the understanding of Lasallian charism and Lasallian leadership among staff and students. 1.3. To foster the gospel value of service to others, and civic responsibilities. 1.4. To promote within La Salle College the catholic faith, the sacraments, and an active, vibrant worshipping community, while accepting all beliefs.
2. Teaching & Learning	2.1. To develop students' critical and creative thinking skills. 2.2. To enhance student language proficiency. 2.3. To foster a self-directed learning culture; a learning to learn culture. 2.4. To strengthen practices at both whole school and class teacher level in the use of data to inform teaching practice. 2.5. To ensure differentiated learning strategies are used in all classes. 2.6. To support all staff to become confident capable users of emerging mobile ICT technologies. 2.7. To develop professional development that is linked to individual improvement plans. 2.8. To enhance the reading and writing strategy for academic writing frames across the curriculum 2.9. To design and implement Phase Two of the College IT eLearning Implementation Plan for BYOD and eLearning. 2.10 To review the curriculum in the light of the implementation of DSE examinations.
3. Student Performance	3.1. To foster students' self-awareness and an awareness, respect for, and tolerance of difference. 3.2. To help students establish and maintain positive relationships with peers and acquire appropriate social skills. 3.3. To help students master a healthy and balanced lifestyle, build resilience against adversity, and manage stress. 3.4. To nurture a positive learning attitude among students. 3.5. To stretch the potential of gifted and talented students.
4. Student Support	4.1. To provide career assistance to students from F1 – F6 to identify goals and interests so as to optimize higher education and career choices. 4.2. To ensure students have access to a comprehensive and well- established co-curricular programme to harness their creativity, independence of thought, interest in others and the world around them. 4.3. To nurture integrity, self-discipline, empathy, kindness, and interpersonal skills. 4.4. To promote and develop student leadership.
5. Management & Organisation	5.1. To ensure the physical facilities are at a high standard to support curriculum objectives and priorities. 5.2. To maintain the ICT Infrastructure to enable all staff and students have access to reliable, sustainable, efficient, and appropriate ICT equipment, systems and services that meet their current and emerging e-Learning and e-Administrative needs. 5.3. To ensure the school's Administration and Panels have ready access through ICT to a wide and well-focused range of learning resources that are selected, organised, and managed to be responsive to their needs and relevant to the Hong Kong Curriculum and Administration. 5.4. To develop a 10 Year Maintenance Plan 2016-2026. 5.5. To develop office administration systems and associated policies and documentation. 5.6. To develop a 5-10 Year Personnel Plan

NB: Dates in this Plan are recorded as academic years e.g. 2016 refers to the end of the 2016/17 academic year

Evaluation by Teacher-in-charge

-All students are able to fulfil the attendance requirement, reflecting an improvement in their sense of responsibility.

-Assignments from students are marked and returned to them to inform them of their performances by the tutors. However, it is reflected that some students failed to hand in certain assignments, while the quality of the assignments of students can be improved.

-The oral practises are successful. The number of students participating in these practices is satisfying, and constructive feedbacks were made by the tutors, improving the students' language proficiencies.

-The test and assessments can provide incentives for students to revise regularly and stay more focus in class. The students' results in the tests has been continuously increasing.

-The improvements in language ability can also assist the students' performance in other subjects, especially those that involve writing essays and answering long questions, in which both coherency and organization of the languages are greatly assessed.

La Salle College Careers Programme by Form

Objectives

1. To help students to achieve a better understanding of themselves and explore their interests, and aspirations.
2. To assist students in making well-informed choices regarding their further education and future careers.

Preamble

Students need to be well-informed about the working world. Through the career education programmes and individual/group guidance and counselling, students will be equipped with the required knowledge, skills, attitudes and qualifications to embark on the career of their choice. Career Education Programmes aim to help students to achieve a better understanding of themselves and explore their interests, and aspirations. Students are encouraged to make their informed educational and career choices that are congruent with their personal qualities, such as talents, interests and abilities. During F.4 – F.6, all students are to enroll in at least one career-related programme offered by school in non- lesson time.
